

Save a Seal

Don't Buy Canadian Seafood.

Over 300,000 baby seals will be clubbed or shot to death this spring on the ice floes of eastern Canada. Canadian sealers derive 95 percent of their incomes from fisheries but *only* 5 percent from the commercial seal hunt. It's time to give them an economic choice.

The Humane Society of the United States and its partners are calling for a boycott of Canadian seafood unless this senseless killing stops.

The commercial seal hunt is cruel, unnecessary and un-Canadian. It's time to end it for good.

Don't Buy While They Die.
